Artwork

We prefer CorelDraw or Adobe Illustrator application files for PC not MAC. We accept quality camera-ready art for engraving a logo or other art, but prefer to work with digital files, either e-mailed or sent on PC floppy, PC Zip disk or PC-formatted CD. We will try working with high resolution JPG files or any type files except web files. All files linked to the art must be on the disk. Camera-ready art must be black and white reflective line art, without halftone screens or color printing. Original 1200 DPI laser print, at 200% of actual size, on high quality paper is needed. The bigger and better the artwork, the sharper the laser engraving. We cannot make a silk purse out of a sow's ear!

Terms & Conditions

Full payment with order unless previously arranged. Shipments via FedEx, UPS or USPS. Freight claims are to be filed by consignee at time of receipt of goods. Prices in effect at order date will apply and are subject to change without notice. Orders are subject to acceptance based on material availability and production capabilities. Allow 3-4 weeks for delivery. Olde Master Originals is not liable for any trademark infringements relating to use of any name or logo that you supplied for an order.
